If the town should cease to exist how would it affect the value of farm land and all other property?

The Cedarville Herald.

A COMMUNITY CAN PROSPER ONLY BY THE SUPPORT OF ITS PEOPLE

FORTY-SECOND YEAR NO. 34

CEDARVILLE, OHIO, FRIDAY, AUGUST 22, 1919

PRICE, \$1.50 A YEAR

PLANS BEING PERFECTED FOR BIG HOME COMING ON LABOR DAY.

The various committees for the County Home Coming for the returned soldiers on Labor Day in Xenia have put in a busy week making final arrangements for the big day.

The county is being canvassed for funds to defray expenses for the hundreds of things planned for the enjoyment and comfort of the soldiers and their friends that will gather in their honor on that day.

Solicitors have also been among the housewives seeking promises of well filled baskets for "the big feed" that is to be spread that day about the court house square. The local committee is Mrs. Milburn, Mrs. R. E. Kerr, Mrs. E. C. Oglebee, Mrs. S. T. Baker, Miss Lula Henderson, Mrs. Wm. Conley and Mrs. Florence Jackson.

COUNTY BOARD OF HEALTH ORGANIZED FRIDAY NIGHT

The County Board of Health was organized last Friday night when the presidents of the township trustees and the mayors of the towns met in Xenia to organize under the Hunt law passed by the legislature which does away with local boards who served for nothing and substitutes a plan for high salaried officers.

The Board of Health appointed will be composed of Dr. W. H. Finley of Xenia for the five year term; Dr. Trehanne for the four year term; Attorney Charles Bogle of Yellow Springs for the three year term; S. S. Early of Caesar Creek township for the two year term and S. M. McKay of Xenia for the one year term.

This board will meet soon to elect a health commissioner who must be a doctor and who will be selected from a certified list of applicants presented by the State Civil Service Commission. A selection must be made from the three applicants having the highest grades and if a Xenian man is on the list he will be given the preference. The state will pay half of the commissioner's salary up to \$2,000 and the rest paid by the different townships for which they are appropriated. The hiring of a clerk and public health nurse will also come before this board.

An advisory council will be named and City Manager Riddle of Xenia was made chairman and C. L. Lackey of Jamestown as secretary.

Dr. Henry E. Kock of Cincinnati, district supervisor was present and explained the law.

The advisory council will meet twice a year, once to approve the budget for the coming year and one to elect a member of the health board, the term of one member expiring every year.

There was a very small representation of the township and village officials at the meeting and it was no trouble for the Xenians backing the new plan to take full charge. It has been tipped that Xenia will unload their present health officer on the county and let the taxpayers foot the bill. The organization already indicates that the plans are being carried out to the letter. Under the old law there was little or no expense as the members served without pay. There is no limit the board can go to expense. We suppose it is alright for the county to take care of the county seat, Xenia, which is broke in every sense of the word. Water and electric light bills have been unpaid for months and the bonded indebtedness runs into the hundreds of thousands. We are glad to know that the tax payers can step up next December and help save our stricken neighbor who is to get all the salary jobs while the free work in the townships must be gratis for the law makes no provision for paying for this work.

KYLE FAMILY REUNION.

The annual reunion of the Kyle families was held Wednesday at the home of J. E. Kyle, north of town. About 75 were present to enjoy the day.

Following dinner came a number of interesting speeches by Rev. Joshua Kyle of Amsterdam, N. Y., Charles Cooley, John Kyle, Miss Agnes Kyle of Springfield, Judge C. H. Kyle of Xenia, Roland Kyle, who recently was discharged from the army after service in France.

During the remarks it was mentioned that the Kyle family had been represented in each of the great wars. First by the late Judge Kyle, and his son, John, Alex. Kyle, Ormand Kyle and Roland Kyle.

Dr. Foster Kyle and family and Miss Agnes Kyle of Springfield; Judge C. H. Kyle and family, Dr. Joseph Kyle's family, J. D. Kyle and family of Xenia and Rev. Joshua Kyle of Amsterdam, N. Y. were those present from out of town.

Rev. Henry Foster and wife of Bell Center, O., who came for the reunion were called home the first of the week owing to the death of the latter's mother.

The following committee was selected for next year: David Kyle, Mrs. A. H. Creswell, Mrs. H. H. Cherry, John Kyle and Hugh Turnbull.

NOTICE—I am in the poultry business. Call by phone. Wm. Macmillan.

SERIOUS CHARGES AGAINST TWO YOUNG BOYS.

Charges of a serious nature were filed against two young boys this week. One was a boy named Krug from Ross township on statements made by the fourteen year old daughter of George Hix on the George Little farm. Squire Jackson brought the couple together and they agreed to go to Kentucky and get married or be turned over to court, each have to go to a state institution.

The parents agreed and so did the young people and they were to go to Kentucky Wednesday. When the father of the boy went to his room early that morning he found the boy was gone having skipped during the night. As soon as he can be found he will be turned over to the courts.

Charges were filed Wednesday by Hix against Dewey Jones who had promised to marry another older daughter last Saturday to right a wrong. Jones has left the community but will be located by the Sheriff-Jones is charged with being the author of the girl's present condition.

XENIA'S POOR POLICY.

Xenia is getting some rather unfavorable publicity by reason of her rough speed law enforcement policy. Springfield motorists have felt it, and complained to the Xenia city officials with out result. Now the Cincinnati Automobile club has issued a special bulletin to its large membership, warning all Cincinnati motorists to detour and not stop in or near Xenia.

The Cincinnati club had received several complaints relative to the Xenia "speed traps". When, finally, secured direct evidence of high-hand procedure, club officers laid the matter before the officials of the city. The Cincinnati papers report that City Manager Riddle replied that "the rich couldn't ignore Xenia's ordinances."

Mr. Riddle, evidently, isn't very familiar with the automobile situation. It isn't altogether the "rich", nowadays, who get their recreation out of motoring. He will find, if he investigates, that to a large extent the "rich" get tired of touring years ago, and that it is the fellow with the low-priced car who keeps the country roads dusty these fine afternoons.

Enforcement of sane regulations to prevent senseless speeding is a fine thing. No motorist objects to them, and few violate them. But "speed traps" are an abomination, and Xenia is not improving her standing by maintaining one. — Springfield Sun.

WHAT WILL FORD DO WITH ALL HIS DAMAGE MONEY?

Henry Ford won his damage suit against the Chicago Tribune and the jury allowed him six cents damages. The trial lasted fourteen weeks and the costs in the case amounted to about \$300,000. Of course Henry feels good over the victory while the Tribune gets consolation in the fact that the judgment allowed showed that he was not damaged to any extent for he sued for a cool million.

THE DAYTON FAIR.

Secretary Holderman of the Dayton fair board says that this year's fair will be the biggest and best ever held in Montgomery county. Record breaking crowds are expected every day. The race program has attracted the best trotters and runners in the country. During the spring the association completed the relaying of the race track making it the fastest half mile course in the state. Records are expected to be broken during the coming race meet, the special purses offered attracting some of the fastest animals in this section of the country.

BETTER TAKE OUR TIP.

If you want eggs for winter use let us give you a tip that you had better pack a few dozen in salt or some other good old fashioned way. The recent investigations will force the present storage eggs on the market before winter. Unless some one can guarantee that hens will lay this winter there will be no eggs so it won't matter what the price is. Last winter packed eggs sold for 65 cents in the cities.

WORTH ITS WEIGHT IN GOLD.

Ira Jackson of Tippecanoe City, O., who last winter sold more than one hundred thousand dollars worth of hogs at two different sales, now has the honor of having sold the highest priced hog ever known, regardless of breed. What is said to be the finest specimen of Duroc sires brought \$2,000 and was purchased by J. H. White of Mississippi.

W. M. S. OF THE U. P. CHURCH.

The Women's Missionary Society of the U. P. church will meet Monday, August 25th at the home of Mrs. W. B. Stevenson. Roll call to be answered with temperance items. Hostesses Mrs. W. B. Stevenson, A. T. Finney, Mrs. M. I. Marsh and Mrs. Charles Cooley. All the ladies of the congregation are invited to be present.

For Sale: Gas range, four burner and oven in good condition. Floyd Faris.

SEVERAL FARMS SOLD DURING THE PAST WEEK.

The Bumgarner farm on the Columbus pike formerly known as the Smith farm was sold by Striker and Pagett to Mrs. Lou Cross of South Vienna for \$215 an acre. The farm consists of 214 acres. About twenty years ago Howard Corry purchased this farm for \$65 an acre and sold it for \$75 and people that that a good price for a well improved farm. Compare that with the recent selling price.

The James A. McMillan farm on the Columbus pike was sold this week by G. H. Smith and W. L. Clemans to Harry Townsley. The farm has 140 acres and brought \$225 an acre. Possession is to be given between now and spring.

The Moore farm owned by Arnold Bros., 240 acres, was sold last week to Clinton county parties for \$150 an acre and the cost of a new barn that is now yet completed.

The Anna Miller Townsley farm east of town of about 70 acres has been sold to Mr. Stryker.

WHERE WILL HOGS STOP WHILE ON THE DECLINE?

The effect of the various investigations on the food situation is having a telling effect on the price of hogs. A dispatch from Cleveland on Monday stated that yorkers were only \$21, the lowest in months. One especially well-informed stock man predicted that by November 1st, when the big winter run starts, hogs will be selling around \$17 while some go as far as to predict a price as low as \$14 by the middle of November.

NEW PASTOR INSTALLED.

Rev. W. P. Harriman was installed pastor of the First Reformed Presbyterian church Sabbath morning, August 17, at 11 o'clock.

Rev. T. R. Turner, D. D. of Quincy, Mass. read the Scripture lesson. Rev. R. C. Galbreath of Union, N. Y., delivered the sermon on the theme "Our Conception of God." Elder W. H. Creswell read the edict. Dr. W. R. McChesney offered the installation prayer, installed the pastor, put the questions to the congregation and the pastor, and gave the charge to the pastor. Rev. F. A. Jucka, L.L.D., gave the charge to the congregation. After the services, the congregation and visiting friends came forward and extended their greetings to Rev. and Mrs. Harriman.

The services were impressive and the congregation and pastor start in their work together with bright prospects.

NO COMBINATION FOUND

The grand jury investigating for evidence against illegal combinations in this county that might be controlling prices of food products reports to Judge C. H. Kyle that nothing of the kind was found that would tend to increase prices in the county.

Six days was required to examine the forty witnesses covering all the food, fruit, clothing, canners and shippers as well as wholesale dealers.

The jury recommended that Xenia city officials establish a market place where farmers can obtain regular or temporary space for distribution of fruits and vegetables.

TWO ACCIDENTS WEDNESDAY.

Will Rife fell about fifteen feet on Wednesday while engaged in roofing a house. He was unconscious for about an hour but fortunately no bones were broken and he sustained only slight bruises and cuts about the face.

Frank Armstrong, a tenant on the W. R. Watt farm sustained slight injury Wednesday when his team ran away after being frightened when the mower ran into an old tin bucket in the weeds. The driver was thrown off the machine injuring his arm and hip.

Dr. M. I. Marsh was called to render medical aid in each of the above accidents.

WE ARE ALL AGAINST IT.

We note by the dispatches that Congressman Fess is against the so-called Plumb plan for turning the railroads over to the labor unions. The sooner the government turns the railroad property over to the rightful owners, the stockholders, the sooner matters of public importance will settle down. There probably will be some trouble between the railroad employees and the companies over wages but it will have to be met some time, so the sooner the better.

OHIO'S NEW PEN STARTED.

The first dirt was thrown Tuesday for the new penitentiary on the prison farm near London. A large group of state officials were present when Gov. Cox lifted the first dirt with a spade made in the prison. Most all the work will be done by labor, and will cost \$6,000,000. There will be 40 acres in the walled enclosure.

A REAL CHICKEN RAID.

Thieves raided John Marchant's poultry house in Fayette county last week and took \$1000.00 worth of his finest poultry. This was a real poultry raid.

OHIO GLEANINGS

Seven prisoners escaped from the Dayton, workhouse by sawing bars from a second-story window, jumping to the ground, then scaling a 12-foot wall. Five of the men who escaped are declared to have had no records.

Government seized at Canton 102,000 pounds of sugar found at the Canton Storage and Transfer company and served notice on J. R. Heltsel, president of the company, to appear before Federal Judge Westenhaver at Cleveland Sept. 13.

In a second attempt within a month to kill herself, Mrs. Isadore Friedman, 34, wife of a Xenia merchant, took a quarter of a pound of paris green mixed with water and is dead. She brought suit for divorce recently. Mrs. Friedman, 30, is a widow, 30, retired Presbyterian minister, died suddenly of apoplexy at Oxford. He was active in church work for over 50 years, having held pastorates in a number of Ohio and Indiana cities.

Mayor Henry Ciesling, 52, of Elmwood place, near Cincinnati, died at his home from pneumonia.

Perry Griswold, 30, Blanchester, was instantly killed when he stepped from one automobile into the path of another.

Fire destroyed the famous Hotel Victory at Put-In-Bay island. It contained 600 rooms and cost \$500,000. More than 2,000 union painters ceased work at Cincinnati. An increase in their wages to 75 cents an hour was refused by the master painters' association.

Grand jury at Dayton indicted a number of ice dealers, alleging violations of the alcohol antitrust act. James McClung, 37, who died at Hamilton, left 115 descendants, including 10 children, 41 grandchildren, 64 great-grandchildren and 14 great-great-grandchildren.

Forty small children and a number of adults from Washington county, were en route to a Parkersburg (W. Va.) park for their annual Sunday school outing, when the electric car in which they were riding was struck by a switch engine near Parkersburg. Eight persons were killed and a score injured, including many children.

Mayor Johnson of Canton announced that he has suspended Chief of Police Ribbet on the charge of neglect of duty, incompetency and incompetency in failing to enforce the liquor laws and ordinances.

Cleveland City Council at a telegram to Attorney General Clegg at Washington urging that 2,425,000 pounds of meat and poultry sold to be illegally stored in Cleveland, Cincinnati and Toledo, be seized by federal authorities. Warrants were issued in several Ohio cities for the arrest of 40 agents, managers and heads of firms handling or storing foodstuffs, violations of the cold storage law being alleged.

Strike of 500 trainmen for a 10-cent per hour wage increase tied up the entire Ohio Electric railway system with the exception of two minor branches. The men refused to accept a 3-cent per hour raise offered by the company.

Mrs. Lella Grizzell of Columbus, tried for the murder May 29 of Milton G. Donovan, Columbus taxicab driver, near London, was acquitted by the jury sitting in the case.

At the primaries Columbus voters defeated an ordinance increasing streetcar fares and approved a school bond issue and extra levy. At Cincinnati 31 bond issues carried. They are for street and sewer improvements totaling \$2,738,000. Five of seven large bond issues were approved by Akron voters.

Miss Ruth Myers, 17, of Massillon, a member of a camping party, was drowned in the Tuscarawas river near Zoar, while bathing.

Construction of Ironston's \$400,000 filtration plant is about completed.

Russell Bookman, 24, formerly of Lancaster, was killed in an accident at Hog Island shipyards.

Attempting to save a girl companion with whom he was swimming at Lake Milton, near Youngstown, Howard B. Jones, 24, was drowned. The girl was rescued by others.

At Ellyria, Charles Ackerman shot and wounded a burglar who was breaking into his store. Police who followed the trail of blood to railroad tracks later found a man in a box car unconscious from loss of blood.

Robert Enright, 20, yard clerk in a gravel pit near Mechanicsburg, died for his left leg was amputated following a fall between two railroad cars.

Trus Becker and John Deedum were instantly killed at the Youngstown Sheet and Tube company's plant when a crane dropped a load of pipe on them.

Kenneth Sherwood, 15, son of Preston Sherwood, was knocked down, run over and killed at Marysville by an automobile driven by L. F. Baldwin of Dayton.

Two prisoners from Cleveland, handcuffed, escaped by jumping from a fast train at Gallion while en route to the Lancaster industrial school. The officer in charge of them occupied a seat across the aisle.

Mayor Jonathan Neer of Mechanicsburg was arrested by Marshal Clancy Legge of the same place for violating a recently enacted traffic ordinance. Mayor Neer says he forgoes and fined himself \$1 and costs, of which Marshal Legge received \$3.65.

Marion Lee Price of Relief, Ky., was killed by a train at a grade crossing in Circleville.

RECEPTION FOR NEW PASTOR AND SOLDIER MEMBERS.

The R. P. congregation gave a reception Tuesday evening honoring new pastor, Rev. W. P. Harriman and wife and the returned soldiers who were members of the congregation.

More than 200 persons attended the reception which was held in the church parlors. In the receiving line were S. T. Baker, chairman of the congregation, and Mrs. Baker, Rev. and Mrs. Harriman, Rev. T. R. Turner and wife of Quincy, Mass., and the ex-soldiers present.

The program opened with a vocal trio composed of Mrs. Turner and Misses Irene Wright and Lula Creswell.

Mr. Baker gave the address of welcome and Rev. Harriman responded. Prof. F. A. Jurkat gave the welcome address to the soldier boys present and short talks were made by Lieut. P. H. Creswell, Serg. Roscoe McCorkell and Herman Stormont. Lieut. Cameron Ross was on program for two solos.

During the evening refreshments were served. A visitor of note was the Rev. A. B. Henry and wife of Philadelphia, a former pastor of the local congregation.

The honor roll of the congregation is as follows: Robert Andrew, Walter Boase, Charlie Bratton, Joseph Bratton, Frank Creswell, Paul Creswell, Clarence Deck, Harrison Deck, Noah Devault, Roscoe McCorkle, Cameron Ross, Herman Stormont, Harry Wright and John Wright.

KROGER BLAMES FARMERS AND THE HOUSEWIVES.

B. H. Kroger, head of a company owning more than 800 groceries, in an interview says that farmers and housewives are to blame for present high prices of food.

He says that farmers are enabled to fix prices of much of their product through exemption under the Clayton act. The rice growers association has fixed 13 cents for this year's price as compared with 2-1-2 cents in 1915. This year's crop is estimated to be the largest ever known. The California Prune Association has fixed the price at 12 1-2 cents when in 1915 only four cents was asked. The Peach Growers Association asked four cents in 1915 and this year the standard price is 13 1-2 cents.

"There is no grass growing down the kitchen sinks every day that is used per capita in any country in the world," Kroger also criticized people for "living out of tin cans" instead of using home cooking.

The above statements were made at a hearing before a Committee of the Cincinnati City Council that is preparing ordinances to regulate the food situation in that city.

MISS HULL RESIGNS.

President J. W. Johnson of the school board received a telegram from Miss Hull, of Mrs. Vermon, asking that the school board accept once her resignation. Miss Hull was an applicant for the position and formerly accepted after the board's election and her resignation coming at this late date leaves the board in a close position due to the opening of school on Sept. 8th and most of the teachers in domestic science already employed. It will not be many years until there will be legislation to stop such a practice that is more becoming labor unions than in the ranks of educators. Often such a course can be excused but not many at such a late date.

Metal Oddities.

The importance of the remarkable surface actions that distinguished metals generally was noted in a lecture by Sir William Tilden at the British scientific products exhibition. The property of platinum of causing the combination of oxygen gas with hydrogen and other combustible substances was "discovered by Davy one hundred years ago, but other metals show still stranger powers. One of the most valuable is the power possessed by nickel of causing hydrogen to combine with heated oil, converting it into a fat that is solid when cold. A substance acting by its mere presence in this way is termed a catalyst, and catalytic actions are now turned to account on a large scale in making sulphuric and nitric acids and ammonia, in the surface combination of gas, in obtaining fats from whale oil, and in a variety of manufacturing processes. A great field is open in the study of catalytic effects.

Converted Chapels in London.

Other London chapels of worship have been converted to secular uses besides the Bedford Congregational chapel, Somers town, where a co-operative laundry is being organized. By far the most interesting of these from an antiquarian point of view is the Moravian chapel in Chelsea, now an artist's studio, says London Tit-Bits. The old chapel, with four vaulted and disused graveyards, forms a picturesque corner of the Chelsea loved by artists. Its first tenant under the new conditions discovered before moving in that the changes made for his benefit were not the first the building had undergone. It was an adaptation of the Thomas More's stables, the Tudor brickwork and foundations being unmistakable. The adjacent horse trough is also Tudor work.

Harvest Time For Savers Is All The Time Start Saving Now

And Reap the Benefit in Years to Come

A SAVING ACCOUNT is infinitely more important now than it was ten years ago. In these days of the high cost of living, illness or reverses soon leaves one stranded. Wise men provide against such emergencies to the best of their ability. In every emergency a bank account is a true friend.

LAW IS INCONSISTENT.

Copies of the State Examiner's report of the examination of county affairs have been placed on file and while nothing of a serious nature is found outside of the condition in the surveyor's office which resulted in J. M. Fawcett resigning, yet some of the findings are such that the public will not get the right impression unless the facts are made known.

J. M. Fletcher and R. C. Hayward, former chief and clerk of the board of elections are charged with \$106 for a trip to Ft. Sheridan to take the ballots of the soldiers under the absent voter's law. That such a trip was made no one denies yet here comes an inspector who holds that the payment of such expense was illegal. It was the fault of the state if no provision was made for this expense. The other law required the taking of the votes so in justice these men were in their moral right to collect their expense, the amount of which is not questioned.

Another case is a charge of \$51.30 against former sheriff F. A. Jackson, who the inspector holds was not entitled to this amount for feeding a number of soldiers from Wilberforce that were placed under arrest. The examiner holds that the government should pay this bill. A soldier under arrest has to be fed or the sheriff is liable for damages under his bond. There is nothing that would compel the government to pay the bill for the soldiers were not taken up on government orders.

What the public needs is a system of examination that will determine the fitness of our state representatives and senators that are qualified for the position to which they are elected. Ninety-five per cent of the men chosen for the Ohio legislature are incompetent or we would not have the kind of laws on the books with as many inconsistent sections.

House Warming Sale

There are no signs whatever in the Furniture market, of any lessening of cost of materials or labor. On the contrary, cost of production continues to increase. Therefore, we have to look facts squarely in the face, holding out no hope of any general lowering of prices, but doing the best we can for our customers by early buying in as large quantities as can be procured. We have surely saved our customers many thousands of dollars by anticipating changes in prices which have been more or less steadily advancing for two or three years and we will save the public thousands more this month in our

House Warming Sale

We could have found very good reasons for eliminating this sale during August for we assure you that we could sell all the furniture we own at our regular prices, and still be giving you considerable more than your money's worth as based upon the prices we should have to pay to duplicate our stock. But our sales at this time of year are fixed events looked forward to by hundreds of customers and there shall be no break in the custom so long as we can depend upon our half hundred good manufacturers to keep up our stocks.

We Want To Add

A considerable number of new accounts to our list of satisfied patrons. To that end we have reduced the prices on our furniture in the interest of continued good-will and we hope to maintain your patronage in our new location, headquarters for the most attractive furniture at the most attractive prices.

Miss Cleo Zehner of Jamestown spent the week-end with her uncle and aunt, Mr. and Mrs. C. M. Ridgway.

Frank Cooper, colored farmer, living near Jamestown, who formerly lived in this township, was sentenced by Judge Kyle to the pen for life having pleaded guilty to an indictment of the grand jury for misuse of his 16 year old daughter. The father and step-mother had become abusive and after taking a terrible beating the girl left in the night for Washington C. H. where she confided her troubles to her friend who placed the information in the hands of the county officers which resulted in Cooper's arrest. The crime is one of the worst that could be laid to a father and the sentence by the court was justifiable.

Hot Weather Brings Distress To Feet

If you suffer from swollen, burning feet that smart or itch, or if your feet perspire and are tender, you can get immediate relief. Give your feet a treat. A gentle massage with soothing, healing Housatonic will do it.

A light application once or twice a day, and you soon forget you have feet. New tight shoes feel like old, easy ones. It relieves all pain immediately, takes away the inflammation, reduces the swelling, removes all soreness from corns, softens callouses and keeps the feet in excellent condition.

A 25c bottle from your druggist lasts for months. Ask for and get Housatonic (The Original Jones' Liniment). "The kind your daddy used with my daddy's picture on the yellow wrapper." The Dr. J. C. Jones Co., S. Charleston, Ohio.—Adv.

Mr. Auto Owner:---

Here is a piece of good news! We have received notice that the Goodrich Tires have a new adjustment basis.

You can now buy Goodrich Tires from us and they are adjusted on a basis of 6,000 miles on Fabrics and 8,000 on Cord.

And Goodrich Tires cost less than any of the "high mileage" tires that are sold from pumped-up price lists.

Notice these prices:

SIZE	PRICE	ADJUSTMENT BASIS
30x3 1-2	\$18.70	6,000
32x3 1-2	21.85	6,000
33x4	31.20	6,000
34x4	31.85	6,000
34x4 1-2	42.75	6,000
35x5	52.50	6,000

You can't go wrong on a Goodrich. And remember, if you want a Silvertown Cord, the adjustment basis is 8,000 miles.

Yours very truly,

Robt. Bird & Sons Co.

Spring and Summer

We have a fine line of woollens for SUITS, OVERCOATS and TROUSERS. We are ready to serve you. Our prices are reasonable and our work always guaranteed to be first class.

August Furniture Sale Ends Saturday

Why You Should Buy Furniture NOW

Here are facts from the furniture journal—about seventy-five furniture factories have been closed or are still closed because of a series of far-reaching strikes. No new factories have been built in 4 years. Demand is far ahead of supply, and all factories are sold for a year ahead. Prices on good furniture will not recede, but will keep going up for a long time to come.

If You Want Furniture, During the Year to Come Buy NOW!

Adair's
XENIA, OHIO

Rev. Milton Hanna and family who have been visiting relatives here returned to their home in Seaton, Ill., Wednesday morning.

At a meeting of the Official Board of the M. E. church Wednesday evening Rev. J. W. Patton notified his board that he had asked to be relieved of this charge at the coming conference. Rev. Patton has been here six years coming from New Carlisle. The congregation is in splendid condition and it is likely that his wishes will be granted. The board had asked that Rev. Patton be returned for another year. The salary for next year was fixed at \$1850.

Paul Tindall of the Lagonda National Bank, Springfield, who with his wife is visiting in Selma, dropped into town yesterday afternoon, spending some time with his brother, L. F. Tindall.

Miss Grace Hanna, daughter of Mrs. G. C. Hanna, was married last Wednesday to Mr. Wm. Snyder of Darke county. The ceremony took place at the Presbyterian parsonage in Xenia by Rev. Linn. The couple were accompanied by Mr. and Mrs. Hangem, neighbors of Mr. Snyder, and the four drove home following the ceremony.

The Cedarville Herald

Karl Ball,

EDITOR

Published at the Post-Office, Cedarville, O., October 21, 1897, as second class matter.

FRIDAY, AUGUST 22, 1919.

LAW IS INCONSISTENT.

Copies of the State Examiner's report of the examination of county affairs have been placed on file and while nothing of a serious nature is found outside of the condition in the surveyor's office which resulted in J. M. Fawcett resigning, yet one of the findings are such that the public will not get the right impression unless the facts are made known.

J. M. Fletcher and E. C. Hayward former chief clerk of the board of elections are charged with \$108 for a trip to Ft. Sheridan to take the ballots of the soldiers under the absent voter's law. That such a trip was made no one denies yet here comes an inspector who holds that the payment of such expense was illegal. It was the fault of the state if no provision was made for this expense. The other law required the taking of the votes so in justice these men were in their moral right to collect their expense, the amount of which is not questioned.

Another case is a charge of \$51.80 against former sheriff F. A. Jackson, who the inspector holds was not entitled to this amount for feeding a number of soldiers from Wilberforce that were placed under arrest. The examiner holds that the government should pay this bill. A soldier under arrest has to be fed or the sheriff is liable for damages under his bond. There is nothing that would compel the government to pay the bill for the soldiers were not taken up on government orders.

What the public needs is a system of examination that will determine the fitness of our state representatives and senators that are qualified for the position to which they are elected. Ninety-five per cent of the men chosen for the Ohio legislature are incompetent or we would not have the kind of laws on the books with as many inconsistent sections.

ADDITIONAL LOCALS.

House Warming Sale

There are no signs whatever in the Furniture market, of any lessening of cost of materials or labor. On the contrary, cost of production continues to increase. Therefore, we have to look facts squarely in the face, holding out no hope of any general lowering of prices, but doing the best we can for our customers by early buying in as large quantities as can be procured. We have surely saved our customers many thousands of dollars by anticipating changes in prices which have been more or less steadily advancing for two or three years and we will save the public thousands more this month in our

House Warming Sale

We could have found very good reasons for eliminating this sale during August for we assure you that we could sell all the furniture we own at our regular prices, and still be giving you considerable more than your money's worth as based upon the prices we should have to pay to duplicate our stock. But our sales at this time of year are fixed events looked forward to by hundreds of customers and there shall be no break in the custom so long as we can depend upon our half hundred good manufacturers to keep up our stocks.

We Want To Add

A considerable number of new accounts to our list of satisfied patrons. To that end we have reduced the prices on our furniture in the interest of continued good-will and we hope to maintain your patronage in our new location, headquarters for the most attractive furniture at the most attractive prices.

BONDS

There isn't much money being hidden around in old shoes these days.

Our experience during the war taught us as a nation the value of saving—but, even more than that, taught us as a nation the value of INVESTING our savings.

Money is of no earthly use hidden away in a hole in the ground. Money becomes valuable only when put to work.

If you have any spare money—whether much or little—let it WORK FOR YOU.

Put it in Bonds, which offer the maximum of safety and security. Through the interest coupons they will be working for you day and night.

We will consider it both a pleasure and a privilege to advise with you on the right kind of Bonds to buy.

On receipt of a letter or phone call our representative will come promptly to see you—and no obligations.

Hot Weather Brings Distress To Feet

If you suffer from swollen, burning feet that smart or itch, or if your feet perspire and are tender, you can get immediate relief. Give your feet a treat. A gentle massage with soothing, healing Houtsonia will do it.

A light application once or twice a day, and you soon forget you have feet. New tight shoes feel like old, easy ones. It relieves all pain immediately, takes away the inflammation, reduces the swelling, removes all soreness from corns, softens callouses and keeps the feet in excellent condition.

A 25c bottle from your druggist lasts for months. Ask for and get Houtsonia—the Original Jones' Liniment. "The kind your daddy used with my dad's picture on the yellow wrapper." The Dr. J. C. Jones Co., S. Charleston, Ohio.—Adv.

Mr. Auto Owner:---

Here is a piece of good news! We have received notice that the Goodrich Tires have a new adjustment basis.

You can now buy Goodrich Tires from us and they are adjusted on a basis of 6,000 miles on Fabrics and 8,000 on Cord.

And Goodrich Tires cost less than any of the "high mileage" tires that are sold from pumped-up price lists.

Notice these prices:

SIZE	PRICE	ADJUSTMENT BASIS
30x3 1/2	\$18.70	6,000
32x3 1-2	21.85	6,000
33x4	31.20	6,000
34x4	31.85	6,000
34x4 1-2	42.75	6,000
35x5	52.50	6,000

You can't go wrong on a Goodrich. And remember, if you want a Silvertown Cord, the adjustment basis is 8,000 miles.

Yours very truly,

Robt. Bird & Sons Co.

Spring and Summer

We have a fine line of woollens for SUITS, OVERCOATS and TROUSERS. We are ready to serve you. Our prices are reasonable and our work always guaranteed to be first class.

**August Furniture
Sale Ends Saturday**

**Why You Should Buy
Furniture NOW**

Here are facts from the furniture journal—about seventy-five furniture factories have been closed or are still closed because of a series of far-reaching strikes. No new factories have been built in 4 years. Demand is far ahead of supply, and all factories are sold for a year ahead. Prices on good furniture will not recede, but will keep going up for a long time to come.

If You Want Furniture, During the Year to Come Buy NOW!
